

Exquisite pleasure high up in the Alps: Pontresina

Summer and winter guests alike can enjoy the high life in the roof of the Alps, resplendent in the sunshine and served by Michelin-starred chefs.

The appeal of the historical mountain village is sure to enchant you: typical Engadine houses and palatial belle époque hotels nestle against the breathtaking backdrop of the Bernina massif. Protected by the wind, its sunny location at an altitude of 1,800 m and its dry, mild climate have made Pontresina well known for the quality of its air. 350 km of panoramic pistes will attract you to three of Switzerland's most legendary ski resorts. Vast tracts of deep virgin snow, frozen waterfalls and lakes invite freeriders, ice climbers and snowkiters to seek their thrills. In summer, 580 km of hiking paths, 400 km of mountain bike trails and the Upper Engadine lakes invite you to explore. Exclusive sporting adventures are crowned with award-winning cuisine, making Pontresina a place of relaxation, sports and enjoyment. Pontresina has also been awarded the "Family destination" quality seal, which recognises holiday destinations that cater specifically to the needs and requirements of children and accompanying adults. For successful family holidays from A to Z. Guests will be able to make the most of each and every day – winter and summer alike.
